

SYNTHETIC DIAMOND NOZZLES

TETRA CORE™

PERFORMANCE UNDER PRESSURE

Got a tough surface cleaning job? Get tough with tetraCORE waterjet nozzles!

tetraCORE nozzles are an affordable alternative to sapphire or ruby orifices that deliver 10X longer operational life than sapphire orifices.

KEY FEATURES

tetraCORE nozzles deliver a coherent, consistent, focused water stream that does not widen over use. It ensures consistent flow rates and optimal energy directed at the target areas for the entire life of the orifice. tetraCORE maximizes your productivity and minimizes your downtime on every job!

- Superior water stream length, coherency, and consistency
- Mounted and retained with aerospace grade materials for maximum performance and lifetime
- Up to 10X longer life than average sapphire orifices
- Zero ID edge degradation over use
- Excellent hardness and wear resistance

Jetstream is the exclusive US distribution partner of Diamond Technology Innovations (dti), offering tetraCORE orifices in Jetstream 20K psi (HHD, JS2D, JS4FD, and RMD), and 40K psi (UHPXD) nozzles.

To order Jetstream parts and accessories, call (800) 231-8192 or visit www.waterblast.com
